👤 PROFILE

I am an MCA graduate (Data Science & AI) with skills in web development, AI projects, and graphic designing. I know Python, JavaScript, React.js, MySQL, Canva, and Adobe Photoshop and have experience making websites and designs that look good and work well.

📁 PROJECTS

Graphic Design Project [🔗](#)

- Created visually appealing designs for digital and print media, including posters, social media graphics, and brochures.

Self-Learning AI for games _Flappy Bird [🔗](#)

05/2025 – 06/2025

As part of the MCA (DS & AI) curriculum, I developed Self Learning Game Flappy Bird with AI

Tech Stack :

- Python
- NEAT-Python / Torch , Pygame , Matplotlib

Satyamev Transport [🔗](#)

03/2025 – 05/2025

- As part of the Apana Time Internship Curriculum , I developed transport web portal.
- Developed a responsive and user-friendly transport service website using React.js

Portfolio [🔗](#)

- Designed and developed a personal portfolio website to showcase my projects, skills, and contact details using React.js, HTML, CSS, and JavaScript. Deployed on Netlify for live access.

🧩 INTERNSHIP

Web Development Intern

Apana Time Tech Solutions (Under Ministry of MSME, Govt. of India)

March 2025 – June 2025

- Successfully completed a 3-month web development internship.
- Worked on front-end and responsive design using HTML, CSS, JavaScript, and Bootstrap.
- Demonstrated sincerity, attention to detail, and a result-oriented approach.
- Gained experience in real-world project development and deployment.

🧠 SKILLS
